

NARIYANI PARTH

+91 96244 74763 | parthnariyani@gmail.com | Ahmedabad, India | [LinkedIn Profile](#)

OBJECTIVE

Enthusiastic 3rd-year Computer Science student with hands-on experience building full-stack web applications using Python, Django, and React. Maintaining a 9.32 CGPA while delivering real-world projects. Actively seeking a Python Developer internship to contribute to scalable software and accelerate professional growth.

EDUCATION

B.E. in Computer Science & Engineering — L.J. Institute of Engineering and Technology, Ahmedabad
2023 – 2027 | CGPA: 8.5 (Sem 3) | 9.32 (Sem 4)

TECHNICAL SKILLS

Languages: Python | JavaScript | Java
Frameworks: Django | React.js | Node.js
Databases: MySQL | SQLite | SQL
Web & UI: HTML5 | CSS3
Tools: Git | VS Code | GitHub

PROJECTS

Job Portal — Django, React

- Full-stack job-seeking platform with separate portals for employers and candidates
- Implemented job filtering algorithms, application workflows, and employer-side posting UI

Tour Management Website — Django

- Complete tour booking platform with user authentication and booking management
- Integrated payment simulation module and itinerary management dashboard

Go Trip — Travel Website — HTML, CSS, JavaScript

- Responsive travel site with interactive destination browsing and dynamic UI elements
- Applied semantic HTML structure, CSS styling, and JavaScript for enhanced user experience

Visitor Management System — Python, Database

- Managed visitor entry/exit tracking with real-time database logging and structured CRUD operations

Expense Tracker — Python, Tkinter

- Desktop GUI application for personal finance tracking with persistent data storage and full CRUD

RELEVANT COURSEWORK

Python Programming • Django Development • Data Structures & Algorithms • Database Management Systems • Web Technologies • Object-Oriented Programming

STRENGTHS

Strong problem-solving mindset • Quick learner with self-driven project experience • Clean, readable code habits • Collaborative and eager for mentorship • Solid understanding of CRUD operations, database design, and Java fundamentals
